

# Nuride

## A Free Rewards and Ride-Matching Program

**Ride-Matching:** On the website, [www.nuride.com](http://www.nuride.com), users can create a *free* account and specify where they travel to and from on their work or personal commute. The website then generates a map (example below) that shows you others that are doing the same commute and might be a carpool match for you!

**Rewards:** If you have been taking green trips\*, or if you are after using the ride-matching feature, you can earn *free* rewards on Nuride. All that you have to do is track each of your green commutes, and you will earn points towards rewards. They include discounts, coupons, and raffles for restaurants, stores and attractions around Connecticut and surrounding states. You will receive updates via email as you acquire more rewards.

**Rewards Locations:**

*& many more....*

\*Green trips: Any trip other than driving alone. Examples: carpooling, vanpooling, biking, walking, bus, train and telecommuting.
