

Governor M. Jodi Rell today announced that 14 Connecticut vendors have signed up for a new program to help Connecticut residents save money by making their heating systems and homes more energy efficient. The new program starts with the cleaning, tuning and testing of a customer's furnace. The efficiency of the heating system is then audited. The program is a \$500 value but costs the consumer just \$75. For more information about the program, call 1-866-940-4676.
