Attendees

Representatives from DEEP- Marcy Balint Environmental Analyst III Office of Long Island Sound Programs and Micheal Grzywinski Senior Environmental Analyst WPLR/Office of Long Island Sound Programs
Representing the Project Committee-Bonnie Reemsnyder, Angelo Faenza, Frank Pappalardo, David Head, Mary Jo Nosal, Keith Rosenfeld and Rob Haramut.

Committee representatives met with the Office of Long Island Sound Programs Permitting & Enforcement Section and Coastal Planning Section to discuss the Coastal Consistency Request.

The OLISP is charged with assuring coastal access consistency along the Long Island Sound. The project is under this jurisdiction because it receives state grant dollars. Attendees reviewed the project, project area and project goals. Committee representatives will provide Marcy with a detailed project scope for timely review.

Additionally, there was some discussion regarding efforts to increase public safety in the summer along the shore.
