## INDEPENDENT AUDITORS' REPORT

Board of Finance  
Town of Old Lyme, Connecticut

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Old Lyme, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of Old Lyme, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Old Lyme, Connecticut, as of June 30, 2022 and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of Old Lyme and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Old Lyme's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town of Old Lyme's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of Old Lyme's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Old Lyme, Connecticut's basic financial statements. The general fund schedule of revenues and other financing sources, general fund schedule of expenditures and other financing uses, report of property tax collector and the combining nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the general fund schedule of revenues and other financing sources, general fund schedule of expenditures and other financing uses, report of property tax collector and the combining nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and trend information but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Board of Finance  
Town of Old Lyme, Connecticut

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2022 on our consideration of the Town of Old Lyme, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of Old Lyme, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Town of Old Lyme, Connecticut's internal control over financial reporting and compliance.

**TOWN OF OLD LYME**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**JUNE 30, 2022**

Management of the Town of Old Lyme offers readers of the Town's financial statements this narrative overview and analysis of the financial activities of the Town for the fiscal year ended June 30, 2022.

### **Financial Highlights**

- The assets of the Town exceeded its liabilities at the close of the 2021 fiscal year by \$39,563,057. Of this amount, \$15,852,996 (*unrestricted net position*) may be used to meet the Town's ongoing obligations to citizens and creditors.
- The Town's total net position increased by \$2,734,346. The most significant reasons for the increase were capital purchases in excess of depreciation expense incurred during the year.
- As of the close of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$15,631,823, an increase of \$1,344,023 in comparison with the prior year. The most significant reasons for the increase were property taxes collected as well as revenue increases in charges for services within the Town Clerk's office and the Building Department.
- At the end of the fiscal year, unassigned fund balance for the general fund was \$11,504,723, or 30.3% of total budgetary general fund expenditures and transfers out.
- The Town's total long-term debt decreased by \$454,989 or 16.9% due mostly to annual scheduled debt service payments.

### **Overview of the Basic Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Town of Old Lyme's basic financial statements. The Town's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Town's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The *statement of activities* presents information showing how the Town's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

**TOWN OF OLD LYME  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

The government-wide financial statements present the functions of the Town that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the Town include general government, health and social services, public safety, public works, roads and streets, sanitation, education and parks and recreation programs.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town are reported in governmental funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Town's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town reports governmental funds separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances except for the General Fund and Miscellaneous Fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation under the caption nonmajor governmental funds. Individual fund data for each of these nonmajor governmental funds is provided on Schedules 4 and 5.

The Town adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

### **Notes to Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Other Information**

The combining statements referred to earlier in connection with nonmajor governmental funds are presented immediately following the notes to financial statements.

**TOWN OF OLD LYME**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**JUNE 30, 2022**

**Government-Wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a Town's financial position. In the case of the Town, assets exceeded liabilities by \$39,563,057 at the close of the most recent fiscal year.

By far the largest portion of the Town's net position (59.9%) reflects its investment in capital assets (e.g., land, works of art, construction in progress, buildings and improvements, land improvements, machinery, vehicles and equipment and infrastructure), less any related debt used to acquire those assets that is still outstanding. The Town uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Town's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

**Summary Statement of Net Position**

	<u>2022</u>	<u>2021</u>
Current and Other Assets	\$ 20,872,998	\$ 21,401,078
Capital Assets (Net)	<u>25,582,480</u>	<u>24,396,274</u>

Change in Net Position	2,734,346	2,150,234
Net Position - July 1	<u>36,828,711</u>	<u>34,678,477</u>
Net Position - June 30	<u>\$ 39,563,057</u>	<u>\$ 36,828,711</u>

**TOWN OF OLD LYME  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

The key elements of this increase are as follows:

- Property tax revenue (including interest and liens) increased \$231,594 (.6%) from the prior year due to a slight uptick in the collection rate on the current year levy.
- General government expenses decreased \$741,604 (2%) due to a reduction in billings from Regional School District #18 of \$550,327 (2%).

For the most part, other changes in expenses closely paralleled inflation and growth in the demand for services.

**Financial Analysis of the Town's Funds**

As noted earlier, the Town uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The Town continues to accumulate funds for known future capital expenditures.

**Governmental Funds**

The focus of the Town's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a Town's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town's governmental funds reported combined ending fund balances of \$15,631,823, an increase of \$1,344,023 in comparison with the prior year. 73.6% of this total amount (\$11,504,304) constitutes unassigned fund balance which is available for spending at the Town's discretion. The remainder of fund balance is classified as follows: Nonspendable \$30,494, Committed \$2,729,352, and Assigned \$1,367,673.

The general fund is the operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the general fund was \$11,504,723 while total fund balance reached \$12,902,890. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 30.3% of total budgetary general fund expenditures and transfers out, while total fund balance represents 34.0% of that same amount.

The fund balance of the Town's general fund increased by \$1,177,399 during the current fiscal year.

The increase was due to the following:

- Property taxes/interest and liens collected exceeded the budgeted amount by \$485,339.
- Charges for services exceeded budgetary estimates by \$429,073 mostly due to Town Clerk fees \$139,689 in excess of budgetary estimates and Building Department fees \$213,157 in excess of budgetary estimates.
- Intergovernmental revenue increase of \$393,793 due to State ECS allocation (\$132,531) and FEMA COVID reimbursements (\$223,561).
- Investment income fell short of budgetary estimates by \$35,010 as interest rates remained low throughout the year.

**TOWN OF OLD LYME  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

- Overall, General Fund expenditures come in \$560,162 below budget estimates. Town department budget estimates exceeded actual amount expended most notably as follows:
  - General Government \$151,854 due to savings in Insurance (\$59,047), IT (\$14,151) Town Hall operations (\$23,917), and Special Deductions (\$22,865).
  - Boards and Commission - \$87,431 due to Land Use (\$42,386) reduced need for legal/engineering services and WPCA (\$15,072) due to project schedule
  - Other Public Safety \$54,229 due to PT staffing constraints in Ambulance (\$38,398).
  - Police Services \$51,067 related to savings in Resident state police contracted services (\$21,851) and staffing shortage for Municipal Police (\$29,216)
  - Capital \$131,721 due to Emergency Management projects totaling \$98,146 that were not undertaken by the end of the fiscal year.
- These positive variances were offset by the appropriation of fund balance totaling \$400,000.

### **General Fund Budgetary Highlights**

Differences between the original budget and the final amended budget were \$311,300. The significant increases in appropriations were as follows:

- Transfer Out-DPW Building Heat Repair \$ 19,000
- IT-Consultant \$ 12,000
- Capital-Soundview Sidewalk/Bus Depot Project \$ 50,000
- Capital-New Transfer Station Building \$ 163,000
- Capital-Halls Road Improvement Project \$ 45,000

### **Capital Assets and Debt Administration**

#### **Capital Assets**

The Town's investment in capital assets for its governmental activities as of June 30, 2022 amounts to \$25,582,480 (net of accumulated depreciation). This investment in capital assets includes land, works of art, construction in progress, buildings and improvements, land improvements, machinery, vehicles and equipment and infrastructure. The net increase in the Town's investment in capital assets for the current fiscal year was \$1,186,206 or 4.9% as total additions exceeded depreciation expense. Major capital asset events during the current fiscal year included the following:

#### Additions:

- Transfer Station-New Building \$ 164,237
- DPW-Crew Cab Truck \$ 65,148
- DPW-F450 PU Truck \$ 59,990
- Mile Creek Road/Center Beach Avenue Roads \$1,405,946
- Police SUV \$ 46,489

#### Deletions:

- DPW-Pick Up Truck \$ 24,000
- Police-Crown Vic Cruiser \$ 21,685
- Land at Alpha Ave and Grandview \$ 10,885

**TOWN OF OLD LYME**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)**  
**JUNE 30, 2022**

**Capital Assets**  
**(Net of Depreciation)**

	<u>2022</u>	<u>2021</u>
Land	\$ 4,236,471	\$ 4,247,356
Works of Art	291,000	291,000
Construction in Progress	411,935	311,406
Buildings and Improvements	6,129,512	6,067,148
Land Improvements	1,242,090	1,271,884
Machinery, Vehicles, and Equipment	3,930,166	4,112,570
Infrastructure	<u>9,341,306</u>	<u>8,094,910</u>
 Total	 <u>\$ 25,582,480</u>	 <u>\$ 24,396,274</u>

Additional information on the Town's capital assets can be found in Note III.C.

**Long-Term Debt**

At the end of the current fiscal year, the Town had bonded debt outstanding of \$1,885,000. All debt is backed by the full faith and credit of the Town.

**Town of Old Lyme Outstanding Debt**  
**General Obligation Bonds/Notes**

	<u>2022</u>	<u>2021</u>
General Obligation Bonds	<u>\$ 1,885,000</u>	<u>\$ 2,315,000</u>

The Town's total bonded debt decreased by \$430,000 during the current fiscal year due to scheduled debt payments.

In addition, the Town is responsible for 82.2% of debt service for Regional School District No. 18, which totals \$13,341,060 at year end.

State statutes limit the amount of general obligation debt a governmental entity may issue to seven times total tax collections including interest and lien fees and the tax relief for elderly freeze grant. The current debt limitation for the Town is \$252,447,202, which is significantly in excess of the Town's outstanding general obligation debt.

Additional information on the Town's long-term debt can be found in Note III.E.

**Economic Factors and Next Year's Budget and Rates**

The unemployment rate for the Town of Old Lyme as of June 2022 was 3.8%. This compares favorably with the Norwich/New London labor market area's unemployment rate of 4.4% and the State of Connecticut's rate of 4.1% for the same period. Due to the current national economic conditions as well as residual COVID 19 effects, the unemployment rates for the State, Norwich/New London area, and Old Lyme decreased by 41%, 41%, and 31%, respectively.

**TOWN OF OLD LYME  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

The 22/23 Regional School District No. 18's billings to the Town of Old Lyme's increased by \$515,050 (1.9%) over the prior year due to an increase of the Town's student headcount.

Major capital projects nearing completion for the Town include the following:

- Sound View sidewalks
- Ferry Road sidewalks
- IT upgrades at OLPD and Transfer Station

New projects include the following:

- Senior Center Building Renovation Project
- Halls Road Improvement Project
- Grassy Hill Road Bridge Replacement
- Swan Brook Outlet Repair
- Town Hall HVAC ongoing upgrades
- Ongoing road and drainage projects that are funded through the Town budget

ARPA funded projects:

- Website Upgrade
- 25 sets of OLFD Gear
- Off Road UTV for OLFD
- Affordable Housing
- EOC Fiber Optics at Boughton Road
- WPCA-pipe under Route 156

Purchases of capital assets and larger nonrecurring expenses are scheduled through the Town's five-year Capital Plan include the following:

- OLFD Marine Boat Electronics Upgrade
- DPW Replacement of Backhoe
- Renovation of Cross Lane Courts
- Emergency Management-Public Communication Improvement Project

Due to the economic effects from COVID 19, the occupancy rate of the Town's commercial areas has suffered and is expected to further decline into the future.

In August 2019, the Town approved \$9,500,000 for the construction of the Sound View Beach Sewer Project and authorized the Town to enter into a Project Funding Agreement with the State of Connecticut as well as authorized the Town to issue debt for said Project. This project continues to be in the planning phase and no funds have been spent or debt incurred as of June 30, 2022.

All of these factors were considered during the preparation of the Town's budget for the 2022/2023 fiscal year.

**Requests for Information**

This financial report is designed to provide a general overview of the Town's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Town Treasurer or Finance Director, Town of Old Lyme, 52 Lyme Street, Old Lyme, CT 06371.

BALANCE SHEET  
GOVERNMENTAL FUNDS (CONTINUED)  
JUNE 30, 2022**

**RECONCILIATION TO THE STATEMENT OF NET POSITION**

Total Fund Balances - Governmental Funds (Exhibit C, Page 1)	\$ 15,631,823
--	---------------

Amounts reported for governmental activities in the statement of net position (Exhibit A) are different from the governmental fund balance sheet. The details of this difference are as follows:

Capital assets used in governmental activities are not financial resources and, therefore, are not recorded in the funds:

Capital Assets, Net of Accumulated Depreciation	25,582,479
---	------------

Other long-term assets and deferred inflows are not available to pay for current period expenditures and, therefore, are unavailable in the funds:

Property Tax Receivable - Accrual Basis Change	585,970
Deferred Charge on Refunding	12,581

Some liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Bonds Payable	(1,885,000)
Landfill Postclosure Costs	(280,000)
Accrued Interest Payable	(10,529)
Compensated Absences	<u>(74,267)</u>

**TOWN OF OLD LYME**  
**STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES**  
**GOVERNMENTAL FUNDS (CONTINUED)**  
**YEAR ENDED JUNE 30, 2022**

**RECONCILIATION TO THE STATEMENT OF ACTIVITIES**

Net Change in Fund Balances - Total Governmental Funds (Exhibit D) \$ 1,344,023

Amounts reported for governmental activities in the statement of activities (Exhibit B) are due to:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period:

Capital Outlay	1,861,663
Depreciation Expense	(660,004)
<b>Total</b>	<b>1,201,659</b>

The net effect of various miscellaneous transactions involving capital assets (i. e., sales, trade-ins and donations) is to increase net position. In the statement of activities, only the loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold.

(15,453)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds:

Change in Property Tax Receivable - Accrual Basis Change	(239,464)
Change in Property Tax Interest and Lien Revenue	(52,342)
Change in Allowance for Doubtful Accounts	43,000
<b>Total</b>	<b>(248,806)</b>

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The details of these differences in the treatment of long-term debt and related items are as follows:

Debt Issued or Incurred:	
Deferred Charge on Refunding Bonds	(4,194)
Principal Repayments:	
General Obligation Bonds	430,000
<b>Total</b>	<b>425,806</b>

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds:

Compensated Absences	(47,011)
Landfill Closure and Postclosure	72,000
Accrued Interest Payable	2,128
<b>Total</b>	<b>27,117</b>

Change in Net Position of Governmental Activities (Exhibit B) \$ 2,734,346

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**History, Organization, and Reporting Entity**

The Town of Old Lyme, Connecticut (the Town) was founded in 1655. The Town covers 27.1 square miles located in southeastern Connecticut.

The Town operates under a Selectmen/Town Meeting form of government and provides a full range of services including public safety, roads, sanitation, health, social services, culture and recreation, planning, zoning and general administrative services to its residents. The Town is a member of Regional School District No. 18 (the District) with the Town of Lyme. The District provides education for grades K-12. The accompanying basic financial statements conform to accounting principles generally accepted in the United States of America as applicable to governments. The following is a summary of the more significant accounting policies used by the Town.

**A. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Major individual governmental funds are reported as separate columns in the fund financial statements.

**B. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)**

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal year, with the exception of grant revenues which are considered available if they are collected within 180 days of the end of the current fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds.

Property taxes, expenditure reimbursement-type grants, certain intergovernmental revenues, transfers and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the Town.

The Town reports the following major governmental funds:

**General Fund**

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Miscellaneous Fund**

The Miscellaneous Fund accounts for various activity of the Town, including those activities related to the American Recue Plan Act federal grant program. The major source of revenues are state and federal assistance.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions are charges between certain Town functions because elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Adoption of New Accounting Standards**

**GASB Statement No. 87, Leases**

In June 2017, the GASB issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity**

**Deposits and Investments**

**Deposits**

The Town considers cash as cash on hand, demand deposits and money market accounts.

**Investments**

Eligible investments are governed by the Connecticut General Statutes which, in general, allow the Town to invest in obligations of the United States of America or United States government sponsored corporations, in shares or other interests in any custodial arrangement, pool or no-load, open-end management type investment company or investment trust (as defined), in obligations of any state or political subdivision rated within the top two rating categories of any nationally recognized rating service, or in obligations of the state of Connecticut or political subdivisions rated within the top three rating categories of any nationally recognized rating service. Investment income is recorded in the fund in which it was earned.

Investments for the Town are reported at fair value.

**Receivables and Payables**

**Interfunds**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans).

**Property Taxes and Other Receivables**

In the government-wide financial statements, all trade and property tax receivables are shown net of an allowance for uncollectibles. Allowance is 15% of outstanding receivable balances and is calculated based upon prior collections.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)**

**Receivables and Payables (Continued)**

**Property Taxes and Other Receivables (Continued)**

In the fund financial statements, all property taxes receivable at June 30, 2022, have been recorded as unavailable revenue, since they are not considered to be available to finance expenditures of the current year.

**Leases**

**Lessor**

The Town of Old Lyme is a lessor for a noncancelable lease of a building. The Town of Old Lyme recognizes a lease receivable and a deferred inflow of resources in the applicable governmental activities in the government-wide and in the governmental fund financial statements.

At the commencement of a lease, the Town of Old Lyme initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how the Town of Old Lyme determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts.

- The Town of Old Lyme uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancelable period of the lease.
- Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

The Town of Old Lyme monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)**

**Receivables and Payables (Continued)**

**Property Taxes and Other Receivables (Continued)**

Property taxes are assessed on property as of October 1. Taxes are billed in the following July and are due in two installments, July 1 and January 1. Personal property and motor vehicle taxes are billed in July and are due in one installment, July 1, and supplemental motor vehicle taxes are due in full January 1. Liens are effective on the assessment date and are continued by filing before the end of the year following the due date.

**Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than purchased.

**Capital Assets**

Capital assets, which include buildings, building improvements, land improvements, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Town as assets with an initial, individual cost of more than \$5,000 for equipment, \$20,000 for improvements and \$100,000 for infrastructure, and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the Town are depreciated using the straight-line method over the following estimated useful lives:

Buildings	30 to 75 Years
Building Improvements	50 Years
Land Improvements	15 to 75 Years
Vehicles	10 to 25 Years
Machinery and Equipment	10 to 25 Years
Roads	75 Years
Bridges	100 Years

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)**

**Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities' statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenses.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding which results from the difference in the carry value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunding or the refunded debt.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports a deferred inflow for advanced property tax collections and leases receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

For governmental funds, the Town also reports unavailable revenue, which arises only under the modified accrual basis of accounting. Accordingly, unavailable revenue is reported only in the governmental funds' balance sheet. The governmental funds report unavailable revenue from two sources: property taxes (including advanced collections, if any) and leases receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)**

**Fund Equity and Net Position**

In the government-wide financial statements, net position is classified into the following categories:

*Net Investment in Capital Assets* – This category presents the net position that reflect capital assets net of only the debt applicable to the acquisition or construction of these assets. Debt issued for noncapital purposes, and unspent bond proceeds, are excluded.

*Restricted Net Position* – This category presents the net position restricted by external parties (creditors, grantors, contributors, or laws and regulations).

*Unrestricted Net Position* – This category presents the net position of the Town which is not restricted.

In the fund financial statements, fund balances are classified into the following categories:

*Nonspendable* – This category presents amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

*Restricted* – This category presents amounts that can be spent only for specific purposes because of enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors or the laws or regulations of other governments.

*Committed* – This category presents amounts that can be used only for specific purposes determined by a formal action of the highest level of decision-making authority for the Town. Commitments may be established, modified or rescinded only through resolutions approved by the Board of Finance.

*Assigned* – This category presents amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Intent can be expressed by the governing body (Board of Finance) or by an official (Finance Director).

*Unassigned* – This category presents amounts that do not meet the criteria above and are available for any purpose. This category is only reported in the general fund for positive amounts and in any other fund that has a fund balance deficit.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity (Continued)**

**Fund Equity and Net Position (Continued)**

The Town will sometimes fund outlays for a particular purpose from both restricted and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

The Town will sometimes fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

**E. Estimates**

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities including disclosures of contingent assets and liabilities and reported revenues, expenses and expenditures during the fiscal year. Accordingly, actual results could differ from those estimates.

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Budgets and Budgetary Accounting**

**Budget Policies**

The procedures for establishing the budgetary data reported in the financial statements are as follows:

- The Town legally adopts an annual budget for the General Fund. Formal budgetary integration is employed by the Board of Finance as a management control device during the year for the General Fund.
- The Town is not required to adopt budgets for Special Revenue Funds. Capital Project Funds employ a project length budget, which is approved by the annual Town Meeting.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)**

**A. Budgets and Budgetary Accounting (Continued)**

**Budget Policies (Continued)**

- Prior to March 1, each department head, office, agency, board or commission of the Town, supported wholly or in part from Town funds, shall submit budget requests in the form requested by the First Selectman so as to indicate the programs, activities and work accomplished in the current fiscal year and to be accomplished during the ensuing year. These shall be accompanied by detailed estimates of expenditures to be made and of revenues other than taxes to be collected during the ensuing fiscal year, along with such other information as may be requested by the Board of Finance or the First Selectman.
- Prior to April 1, the First Selectman shall present to the Board of Finance a budget.
- The Board of Finance shall hold at least one public hearing on the budget during the month of April and shall adopt a proposed budget, including a recommended appropriation act, by May 1, which shall be published in a newspaper in general circulation in the Town at least five days prior to the annual Town Meeting for budget consideration.
- An annual Town Meeting for budget consideration shall be held on the second Tuesday in May. This meeting shall consider the budget presented to it by the Board of Finance and may approve or lower any item, but may not raise the amount of such item. If the annual Town Meeting fails to adopt a budget, the budget will be returned to the Board of Finance for its consideration. The Board of Finance shall return the same or a revised budget to a Town Meeting called by the Board of Finance for a date no later than ten days after the annual meeting, at which the Town Meeting may approve or lower any item. Should the Town Meeting then fail or refuse to adopt a budget, the budget appropriation last proposed by the Board of Finance shall be in full effect.
- The level at which expenditures may not legally exceed appropriations without Board of Finance and/or Town Meeting approval is at the department level. Transfers between departments or new appropriations may be approved by consecutive actions of the Board of Finance and a Town Meeting, which shall be called by the Board of Finance following its action on the new spending proposal.

An appropriation of over \$20,000 for an additional expenditure at the department level not provided for in the annual budget or as a second request may be approved by consecutive favorable actions of the Board of Finance and a referendum of the electors of the Town at a special or regular election of the Town, as one or the other may be determined by the Board of Finance. Additional appropriations to the general fund budget during the year were \$247,300 from fund balance.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (CONTINUED)**

**A. Budgets and Budgetary Accounting**

**Budget Policies (Continued)**

- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order, contract or other commitment is issued and, accordingly, encumbrances outstanding at year-end are reported in budgetary reports (Exhibit E) as expenditures in the current year. Generally, all unencumbered appropriations lapse at year-end, except those for the capital projects funds. Appropriations for capital projects are continued until completion of applicable projects, even when projects extend more than one fiscal year.

**B. Budget – GAAP Reconciliation**

A reconciliation of expenditures and fund balance between the accounting treatment required by accounting principles generally accepted in the United States of America (GAAP) (Exhibit D), and budgetary requirements (Exhibit E), is as follows:

	Revenues	Expenditures	Fund Balance
Balance, Budgetary Basis, Exhibit E - June 30, 2022	<u>\$ 39,047,045</u>	<u>\$ 36,272,588</u>	<u>\$ 11,670,406</u>
Effect of lease accounting under GAAP	(40,979)		(40,979)
Encumbrances Outstanding at June 30, 2021 Liquidated During the Fiscal Year		- 231,373	-
Encumbrances Outstanding at June 30, 2021 and 2022		- -	950,018
Encumbrances Outstanding at June 30, 2022 Charged to Budgetary Expenditures During the Fiscal Year	- (323,445)		323,445
Balance, GAAP Basis, Exhibit D - June 30, 2022	<u>\$ 39,006,066</u>	<u>\$ 36,180,516</u>	<u>\$ 12,902,890</u>

**C. Deficit Fund Balance**

The Bus Barn Fund had a deficit fund balance at year-end of \$23,206. The deficit will be eliminated by transfer in from General Fund and future charges for services.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 3 DETAILED NOTES**

**A. Cash and Investments**

**Deposits – Custodial Credit Risk**

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposits may not be returned to it. The Town does not have a deposit policy for custodial credit risk. At year end, \$17,876,734 of the Town's bank balance of \$18,626,734 (including certificates of deposit and money market accounts classified as investments) was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 2,771,261
Uninsured and Collateral Held by the Pledging Bank's	
Trust department, Not in the Town's Name	15,726,728
Total Amount Subject to Custodial Risk	<u><u>\$ 18,497,989</u></u>

Financial instruments that potentially subject the Town to significant concentrations of credit risk consist primarily of cash. From time to time, the Town's cash account balances exceed the Federal Deposit Insurance Corporation limit. The Town reduces its credit risk by maintaining its cash deposits with major financial institutions and monitoring their credit ratings.

**Investments**

The Town's investments consisted of the following investment types and maturities. Specific identification was used to determine the maturities.

Investment Type	Fair Value	Investment Maturities (Years)		
		Less Than 1	1 - 10	More than 10
Bank Money Market Accounts	\$ 8,080,843	\$ 8,080,843	\$ -	\$ -
Certificates of Deposit	3,039,109	3,039,109	-	-
Total	<u><u>\$ 11,119,952</u></u>	<u><u>\$ 11,119,952</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>

**Interest Rate Risk**

The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit Risk**

The Town has no investment policy that would limit its investment choices due to credit risk other than state statutes governing investments in obligations of any state or political subdivision or in obligations of the state of Connecticut or political subdivision.

**Custodial Credit Risk**

The Town has no formal policy with respect to custodial credit risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Town had no investments subject to custodial credit risk.

**TOWN OF OLD LYME, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**

**NOTE 3 DETAILED NOTES (CONTINUED)**

**B. Receivables**

Receivable balances have been disaggregated by type and presented separately in the financial statements. Only receivables for the Town's government-wide financial statements with allowances for uncollectible accounts including the applicable allowances for uncollectible accounts are presented below.

	Property Taxes		
	Interest and Lien Fees		
	Taxes	Lien Fees	Total
Current Portion	\$ 272,515	\$ 107,053	\$ 379,568
Long-Term Portion	\$ 283,639	\$ 26,763	\$ 310,402
Less: Allowance for Uncollectible	(83,000)	(21,000)	(104,000)
Net Long-Term Portion	<u>\$ 200,639</u>	<u>\$ 5,763</u>	<u>\$ 206,402</u>

**Leases Receivable**

The Town, acting as lessor, leases the school bus barn a cell tower under long-term, noncancelable lease agreements. The leases expire on June 30, 2025. During the year ended June 30, 2022, the Town recognized \$28,709 and \$9,860 in lease revenue and interest revenue, respectively, pursuant to these contracts.

Total future minimum lease payments to be received under the lease agreement are as follows:

<u>Year Ending June 30,</u>	Governmental Activities		
	Principal	Interest	Total
2023	\$ 61,374	\$ 6,426	\$ 67,800
2024	63,874	3,926	67,800
2025	66,477	1,323	67,800
Total Minimum Lease Payments	<u>\$ 191,725</u>	<u>\$ 11,675</u>	<u>\$ 203,400</u>

**TOWN OF OLD LYME, CONNECTICUT**

Old Lyme is a member of the District, which provides education facilities for grades pre-k through 12 for the Towns of Lyme and Old Lyme. At year-end, the outstanding bonded indebtedness of the District was \$16,230,000. The Town of Old Lyme's share will be approximately 82.2%, which totaled \$13,341,060 are general obligations of the District and its member towns.

All long-term liabilities are generally liquidated by the general fund.

The annual requirements to amortize bonds payable are as follows:

Year Ending June 30,	Principal	Interest	Total
2023	\$ 425,000	\$ 29,803	\$ 454,803
2024	420,000	22,957	442,957
2025	415,000	16,182	431,182

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 3 DETAILED NOTES (CONTINUED)**

**E. Changes in Long-Term Obligations (Continued)**

**Landfill Closure and Postclosure Care Costs**

State and federal laws and regulations require that the Town place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. The Town closed and covered its landfill. Monitoring costs and estimated repairs and maintenance for the next 21 years at \$14,000 per year are \$280,000. The postclosure care amounts are estimates, which are subject to changes due to inflation, technology or applicable landfill laws and regulations.

**Authorized/Unissued Bonds**

There are no authorized/unissued bonds.

**Statutory Debt Limitations**

The Town's indebtedness does not exceed the legal debt limitations as required by Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General Purpose	\$ 81,143,744	\$ 1,885,000	\$ 79,258,744
Schools	162,287,487	13,341,060	148,946,427
Sewers	135,239,573	-	135,239,573
Urban Renewal	117,207,630	-	117,207,630
Pension Deficit	108,191,658	-	108,191,658

The overall statutory debt limit for the Town is equal to seven times annual receipts from taxation, \$252,447,202.

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which bond anticipation notes are issued and outstanding.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 3 DETAILED NOTES (CONTINUED)**

**F. Fund Balance Classifications**

Fund balances are composed of the following:

	General Fund	Miscellaneous Fund	Nonmajor Governmental Funds	Total
Fund Balances:				
Nonspendable:				
Prepays Expenditures	\$ 30,494	\$ -	\$ -	\$ 30,494
Committed to:				
Town Capital Projects	- -	125,284	2,604,068	2,729,352
Assigned to:				
Capital Outlay	1,367,673	- -	- -	1,367,673
Unassigned	11,504,723	- -	(419)	11,504,304
Total Fund Balances	<u>\$ 12,902,890</u>	<u>\$ 125,284</u>	<u>\$ 2,603,649</u>	<u>\$ 15,631,823</u>

Fund balance amounts classified as assigned under the general fund represent encumbrances outstanding at June 30, 2022.

**NOTE 4 OTHER INFORMATION**

**A. Risk Management**

The Town is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or natural disasters.

The Town currently is a member in Connecticut Interlocal Risk Management Agency (CIRMA), a public entity risk pool established for the purpose of administering an interlocal risk management program pursuant to the provisions of Section 7-479a et. seq. of Connecticut General Statutes for workers' compensation and employer liability coverage. The Town pays an annual premium for its coverage. CIRMA should be self-sustaining through members' premiums but reinsurance in excess of \$1,000,000 for each insured occurrence. Members may be subject to supplemental assessment in the event of deficiencies; however, potential assessments are limited pursuant to the by-laws.

The Town purchases commercial insurance for all other risks of loss, including blanket and umbrella policies. Settled claims have not exceeded commercial coverage in any of the past three years, and there has not been any significant reduction in insurance coverage from amount held in prior years.

**B. Commitments and Litigation**

The Town has been named as defendant in several claims and legal actions. The Town's attorney estimates that the potential claims against the Town not covered by insurance resulting from such claims and legal actions would not materially affect the financial condition of the Town.

**TOWN OF OLD LYME, CONNECTICUT  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2022**

**NOTE 4 OTHER INFORMATION (CONTINUED)**

**B. Commitments and Litigation (Continued)**

The Town has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies. Such audits could lead to requests for reimbursement to the grantor agency for any expenditure disallowed under terms of the grant. Based upon prior experience, Town management believes such disallowances, if any, will not be material.

**C. Pension Plans**

Defined Contribution Town of Old Lyme Pension Plan

The Town has established and administers a multiple employer defined contribution plan to provide pension benefits for all of its full-time employees and the District nonprofessional administrative employees. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate at twenty-one (21) years of age and after one year of service. Participants are not required to contribute to the plan; however, they are allowed to contribute on an after-tax basis up to 10%, which is fully vested. The Town's contributions for each employee and interest allocated to the employee's account are fully vested after five years of continuous service. The Town's contribution is allocated to participants' accounts on the basis of compensation. Contribution requirements of the plan members and the Town are established and may be amended by the Board of Selectmen. The Town is required to contribute 8% of its employee covered payroll. The plan does not issue stand-alone reports.

The Town and the District's payroll of eligible individuals covered by the plan was \$6,738,100. Employee contributions totaled \$117,275, or 1.7%, of covered payroll, and the Town and District recognized pension expense of \$539,048, or 8% of covered payroll.

The Town has no liability to the plan at year-end.

Defined Contribution Volunteer Firefighters' Retirement Plan

The volunteer firefighters participate in a defined contribution plan; however, the assets are not held in the Town's name. Although not required, it has been the Town's policy in the past years to fund all pension costs accrued in the current year. The Town's contribution during the fiscal year was \$91,800.

## **SUPPLEMENTARY INFORMATION**

## **GENERAL FUND**

The general fund is the principal operating fund of the Town and is used to account for all activities of the town, except those required to be accounted for in another fund. The general fund accounts for the normal recurring activities of the Town (i.e., general government, public safety, public works, health, social services, recreation, education, etc.). These activities are funded principally by property taxes, user fees, and grants from other governmental units.

## **NONMAJOR GOVERNMENTAL FUNDS**

### **Special Revenue Funds**

Special revenue funds are used to account for specific revenues that are legally restricted to expenditure for particular purposes.

### **Capital Projects Funds**

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.
