POINT ONE PROCESS: OUR DESIGN APPROACH

DESIGN DNA | ALIGNING SPACE WITH STRATEGY!

WORKING WITH YOU:
LYMES' SENIOR CENTER

OUR DISCOVERY TOOLBOX

Each collaborative DNA process is tailored to the organization's culture, space and needs. We choose from a wide range of discovery tools and create a custom mix that meets the project's mission.

(YOUR TOOLBOX)

LOVE IT OR LEAVE IT

Throughout the course of discovery, we identify areas that the organization loves, along with areas of concern. These are documented and used as a tool to understand organizational health and effectiveness.

WHAT IF'S

This is a guided discussion that poses questions to the group that could be outside the comfort zone of most, and is designed to test limits, design expectations and pre-conceived notions.

TELL US MORE

All ears are open to hear and extract more about your project. This is the opportunity for us to learn more about not just your project but your mission, your brand, and your relationship with the community.

Describe, with three words....

**how you currently feel about
your existing space**

Describe, with three words....

**how would you like to feel
when your in the renovated
space**

POA

Thank You!

Your Mission Statement

- A. To provide a municipal facility for senior citizen programs
- B. To provide a nutrition site for senior citizens
- C. To offer recreational activities for senior citizens
- D. To offer social activities for senior citizens
- E. To offer education activities for senior citizens
- F. To offer area resources to aid and assist senior citizens
- G. To offer facilities for use to area organizations and groups for events and meetings as deemed appropriate with the mission of the Center

Lymes' Senior Center's goals are to provide social, educational, cultural, and recreational activities for its entire community; all the while focusing on physical, emotional, mental and intellectual wellbeing.

The Center wishes to create an environment that feels safe, welcoming and comfortable in a building that is flexible and designed for now and the future.
